

IMPACT REPORT 2021

WorldShare

Thank you for your
faithful generosity

*"God did not forget
about me."*

*Family supported
through EMAF*

*Through your generosity
in 2021, the Evangelical
Mission for Assistance to
Fishermen (EMAF) was
able to deliver vital food
supplies and oxygen tanks
to many remote fishing
communities in Brazil,
who were running out of
supplies and had nowhere
else to turn. Thank you for
helping to save lives and
bring hope!*

A note from Alan Butler, WorldShare CEO

Another year has flown past and it gives me great pleasure to introduce our latest Impact Report for the work of WorldShare and our ministry partners. 2021 was a more 'normal' year than 2020, but Covid-19 still had a big impact on our ministry partners who provided oxygen cylinders and PPE, delivered emergency relief and helped roll out vaccinations. Your incredible response to our appeals relating to the Covid-19 crisis in India and the earthquake in Haiti were humbling, thank you!

Our focus, prayer and passion continue to be empowering local Christian partners as they share God's love in practical ways with some of the world's most vulnerable communities, transforming lives and bringing hope.

We are so grateful to God and you, our supporters, for a record income of £522,000 during 2021, the highest income since 2013. But the financial numbers are not the real story, it is the transformation of individual lives that illustrates the impact of the work of our ministry partners. Whether that be increasing the reach of education in Haiti, responding to a volcanic eruption in the Democratic Republic of Congo or supporting vulnerable children through ChildAid. Please do take time to read how your generosity has made a difference.

Thank you for standing alongside us in prayer and for your financial support during 2021.

We feel immensely privileged to see God working through our ministry partners, transforming lives and communities.

A handwritten signature in black ink, likely belonging to Alan Butler.

*"We love because he first loved us."
1 John 4:19*

The amazing impact our ministry partners had in 2021
with the help of your support!

20 ministry partners

24 countries

200,000+ lives changed

53,645 people accessed medical care

210,814 people heard the Gospel

6,985 children received an education

7,181 young people attended Bible camps

37,461 nutritious meals were provided

25 new churches were established

421 new leaders were trained

16,687 emergency relief parcels were delivered

10 years of God's faithful provision

On the Haitian island of La Gonâve, located 25km off the mainland, you will find the PiFò Haiti team praising God for his wonderful provision.

In a year which saw the country endure the impacts of another earthquake, political instability and food scarcity, PiFò Haiti was a light in the darkness and even expanded its ministry. Thank you for standing with them.

Education is a key part of PiFò Haiti's ministry. Through your generosity and prayers, several school building projects could begin in 2021, enabling more students to attend school and giving them a better equipped space to learn. After almost ten years of prayer, PiFò Haiti could also extend its food programme to cover all its schools, ensuring children and staff are given a nutritious meal daily.

Mountain school director, Pastor Cenet, shares how important this is:

"We have a garden programme at the school, but we are not able to grow enough food to feed all the students.

Now that we have money each month to buy rice, beans, oil and charcoal we can add our own fresh produce and feed each student and teacher... The teachers said they look forward to their students having better attendance and staying awake in class because they aren't hungry."

Teacher training is also vital. Only 6 out of every 1,000 teachers have a formal qualification in Haiti, so by equipping local teachers, many more Haitian children are able to receive a quality

education. By purchasing our Teacher Training Freedom Gift, you enabled more teachers to study. Student teachers like Abigaëlle who grew up on the island and has always dreamt of being a teacher:

"My hope for the future is to finish with my studies and help the children and my family."

Finally, PiFò Haiti reached an important milestone in 2021 – 10 years of ministry and God's faithful provision! The team is now looking to the future, with continued expansion of its schools, more teachers graduating and the start of a food programme to provide for prisoners and their families. We can't wait to see what God will do through PiFò Haiti!

Earthquake response

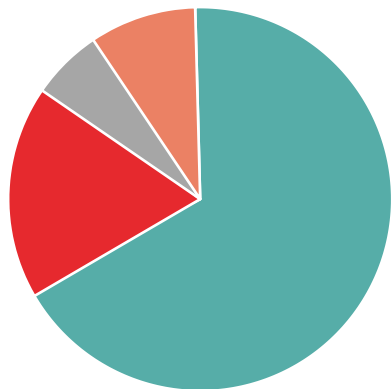

Your astounding generosity supporting those who were impacted by the devastating earthquake, which struck the Tiburon Peninsula of Haiti in August 2021, helped to ensure that vital supplies reached those left homeless, injured or grieving.

Our partner on the ground in Haiti coordinated an emergency response in partnership with local church leaders, and in the months which followed helped people to rebuild their homes and livelihoods. Although far from the epicentre of the earthquake, those on the island of La Gonâve who PiFò Haiti works with, also stepped in to help, distributing over 249,000 litres of clean water to the impacted areas.

"We have been AMAZED at how many Haitians and Haitian-led organisations have stepped in to help their fellow neighbours." PiFò Haiti

Your generosity

Individual Donations	£350,015	67%
Trusts & Foundations	£91,825	18%
Alliance Income	£33,588	6%
Gift Aid	£46,589	9%
Other Income	£340	0%
Total Income	£522,357	

Where it helped

Education	£132,043	25%
Health	£63,809	12%
Community	£20,226	4%
Church Planting	£66,399	13%
Tackling Injustice	£28,220	6%
Emergency Relief	£122,423	24%
General Running Costs	£57,975	11%
Governance	£27,863	5%

Total Expenditure £518,958

Please note these numbers are provisional figures as at the end of April 2022 and are subject to audit.

Bringing hope amidst despair

When disaster strikes, our ministry partners are often the first to respond. They are on the ground so know their local communities, speak the language and can identify the need quickly. This is made possible by the faithful generosity of WorldShare supporters. Time and time again in 2021, you, our supporters, stood by our ministry partners when disaster struck, enabling them to bring hope amidst despair – thank you.

Life was thrown into panic in the city of Goma in the Democratic Republic of Congo, when on 22nd May 2021 Mount Nyiragongo erupted. Leaving in its wake destruction, lost lives and disarray as families were separated in the rush to escape. Goma is also home to the HEAL Africa hospital, which provides healthcare to those who would otherwise be unable to afford it. Thankfully the hospital was spared and was able to become a centre for supporting those impacted by the volcanic eruption and reuniting families. Tsongo Kasiki James, who heads up the hospital's Emergency Department and lost his home due to the eruption, shares his experience:

"With God's help, the family escaped safe and sound... During this disaster, HEAL Africa and its partners assisted us with an important amount of money that helped us recover. With this sum, we erected a temporary shelter where I am currently living with my family. There was also support in food... The fact that we had this support has given us even more relief by restoring our strength and hope."

Celebrating ChildAid

Thanks to the loving care of our ministry partners and generosity of those supporting our child sponsorship programme, ChildAid, all across the world children's lives are being transformed. Join us as we celebrate the huge impact this has had in 2021.

Providing more than shoes

"My grandmother could not afford to buy me school shoes and I would always admire my friends at school wearing their school shoes. So I am so happy and grateful that now I have school shoes which has been my biggest desire."

Meet 15 year old Sausia from Uganda, whose dream is to become a lawyer. After her father died, left with no source of income, Sausia, her ten siblings and Mum were forced to move in with their grandmother. For years Sausia walked to school hungry, barefoot and in pain, but in 2021 that changed thanks to the generosity of Christian Fellowship Ministries and a child sponsor. Sausia is now walking to school with a smile on her face, shoes on her feet, food in her stomach, her school fees paid for and the hope of Jesus in her heart!

Thank you to all of our wonderful ChildAid sponsors. Together you are helping children just like Sausia to reach their God-given potential.

"Beginning of Life's Urban Centre gifted me many good friends and helped me be kinder to people. The leaders and those involved in the programme helped me to be more open, to communicate correctly and to socialise. Thank you all!"

Emma, a young person from Moldova
